

The New Normal Learning (NNL) Framework description

The New Normal Learning (NNL) Framework is represented as two interlinked octagons.

In the NNL Framework, the **inner** octagon represents the **characteristics** of the new normal learning environment, which are Interactive/Engaging, Device Independent, Usable/Accessible, Single Objective, Short Duration, Retention Boosting/Just-In-Time, Independent Part of Whole, Cost Effective.

The **outer** octagon represents the **guiding elements** to help the design of the learning environment. It includes the following elements: Pedagogical, Technological, Interface Design, Evaluation, Management, Resource Support, Ethical, Institutional.
